

INTRODUCING

— The Go Seek "Protectors of the Planet" Show —

Interactive! Live! Musical! Educational! Fun!!

An exciting NEW Go Seek Show about SUSTAINABILITY that is designed to help kids understand how the way we choose to live today can impact the Earth and future generations.

When the Star Galaxy News discovers that Planet Earth has become too polluted, they send Go Seek on a mission to check it out. But when Flynn's spaceship, Spinner, gets trapped in all the rubbish it soon becomes a race against time to report back their findings.

Go Seek ask all the children for help as they set off on an exciting musical adventure to become Official Protectors of the Planet, discovering fun ways to clean up and protect the Earth, free Spinner and ultimately save the planet!

The "Protectors of the Planet" Show promotes awareness of our environment through sustainable practices. Children learn skills & knowledge for a more sustainable future.

This fun-filled, interactive, live show covers topics including:

- Sustainability
- Pollution
- Rubbish & Waste
- Protecting the Earth & the Environment
- The 3Rs – Reduce, Reuse & Recycle
- Composting
- Climate Change & Weather
- Caring for Animals & Nature
- Saving Resources

Through the values of care, respect and responsibility, the children work together as a team to develop healthy habits and take actions that contribute towards making our planet a healthier place to live. Go Seek truly believe that children must be recognised as important agents in the shaping of a sustainable future.

This important show, focusing on SUSTAINABILITY and how young children can care for our planet, educates children in a fun and engaging way, helping them begin to realise that what they do today affects tomorrow!
